EXECUTIVE SUMMARY

Results-driven **Growth Marketing Leader & Technical SEO Engineer** with **16+ years of hands-on experience** scaling global user acquisition, organic search traffic, paid ROAS, and full-funnel monetization across B2B/B2C SaaS, cross-border e-commerce, and cross-platform software. Uniquely bridges the gap between **veteran growth strategy** and **AI-native full-stack execution (Vibe Coding & Marketing Automation)**—capable of independently auditing, coding, and shipping high-converting SEO tools, GEO/A11y remediation, and automated GA4/GSC data pipelines without relying on external engineering bottlenecks.

CORE COMPETENCIES & TECHNICAL STACK

• **Search & Organic Growth:** Technical SEO, Programmatic SEO, Generative Engine Optimization (GEO / AEO for ChatGPT & Perplexity), High-DR Link Building, Multi-lingual Site Architecture, App Store Optimization (ASO).

• **Paid Acquisition & Affiliate:** Google Ads (Search, Shopping, PMax, App Campaigns), Meta/Facebook Ads, Global Affiliate Networks (ShareASale, Webgains, CJ), Direct Media Buying & Anti-Fraud ROI Optimization.

• **Analytics & Monetization:** GA4 REST API & BigQuery Automation, Google Search Console (GSC) API, GTM Server/Client Tracking, Subscription Funnel Optimization (Stripe, 2Checkout, Google Play, iOS), Ad Mediation & Waterfall Optimization.

• **AI-Native Growth Engineering:** Rapid Marketing Tool & Micro-SaaS Development (Engineering-as-Marketing), Next.js / React / WordPress / Shopify Technical Optimization, Python Automation Scripts, WCAG/ADA Accessibility Compliance.
